The name to know in convenient financing.

When you choose comfort with confidence in Comfortmaker® Air Conditioning and Heating products, you also get a comfortable, convenient way to buy with the Comfortmaker Private Label Credit Program.

The Comfortmaker Preferred Customer Card works like a credit card. In the short time it takes you to fill in the simple credit application, you may be approved for credit to be used within minutes. If you are approved, you can use it immediately for Comfortmaker products and installation, and later for additional equipment or even service calls. It's so convenient. You can pay off your balance anytime or choose to make monthly payments according to terms in the agreement. You'll be surprised at how low those payments can be. Ask your Comfortmaker dealer for details on the plan available to you.

Buy today... with no money down.

The Comfortmaker Private Label Credit Program gives eligible customers an open line of credit—and you can apply for a no down payment plan when your purchase meets the minimum. And there are no prepayment penalties.

Handy way to finance tomorrow's needs.

In most cases, your credit line will be greater than the initial purchase. You can then use the remaining credit to pay for maintenance, seasonal system checks, parts or other Comfortmaker equipment like:

- Programmable thermostats
- Electronic air cleaners
- Humidifiers
- Extended warranties

Applications are fast and easy!

The application is quick and simple. You'll normally have a credit decision within minutes!
