 \*\* Maximum Strength Warranties include: Comfortmaker gas and oil furnaces, and R-410A based air conditioners, heat pumps, coils and small package products carry a ten (10) year limited warranty on parts including compressor and coils to original homeowner, when installed in an owner-occupied single family residence and properly registered within 90 days after original installation. (See Warranty Certificate for registration instructions. Registration not required in all jurisdictions.) Otherwise the warranty period is five (5) years from the date of installation. Heat exchangers carry longer limited warranty coverage that applies to original homeowners with timely registration. Otherwise heat exchanger warranties are 10-20 years from date of installation, depending on model. Check individual listings. Restrictions apply. See Warranty Certificate for details.  
 • The No Hassle Replacement™ limited warranty provides a new equivalent replacement unit should the compressor, covered coil or heat exchanger fail during the No-Hassle period. Split system units must be matched with a Comfortmaker indoor coil or fan coil. Written authorization from your Comfortmaker distributor is required prior to replacing any unit. This warranty is a supplement to the standard product limited warranty. Restrictions apply. See www.comfortmaker.com for the most current and complete warranty certificate for further details.
